MED SPA

## FACIAL PROCEDURES

### neuromodulators

Tox Wrinkle Relaxers such as Botox help to eliminate fine lines and wrinkles and effectively soften the facial muscles responsible for the signs of aging. Our Neuromodulator treatments promote a more youthful appearance and can help your skin look refreshed and vibrant.

### dermal fillers

Dermal fillers such as Juvederm® smooth lines and replenish lost volume underneath the skin. Our medical experts will assess your unique skin and bone structure to identify which collection of fillers can best help restore and enhance your natural contours. This treatment can restore volume in the cheeks and lips – all without invasive surgery or downtime.

### youthful contour & lift

This specialized technique provides volume while offering the benefits of a facelift without surgery or downtime. Experience instant results with this minimally invasive facial contouring procedure. It accentuates the cheekbones and under eye area, as it defines the jawline and lifts the upper neck without incisions, general anesthesia or scars. Instantly smooth lines and wrinkles and have the definition you've always wanted.

### RF microneedling

This minimally invasive treatment reduces the appearance of wrinkles, scarring, and sagging skin. Amplify collagen-boosting and elastin production through state-of-the-art skin resurfacing techniques to rejuvenate and tighten your skin.

### DiamondGlow facial

Leading with innovation and backed by science, DiamondGlow® uses a patented recessed diamond tip wand to deliver a next-level resurfacing treatment that deeply cleans, extracts, and rejuvenates the skin. This facial is powered by SkinMedica® Pro-Infusion Serums, infused onto the skin when pores are still open and most receptive.

## BODY + WELLNESS

### CoolSculpting®

The world's No. 1 noninvasive fat reduction procedure. This state-of-the-art treatment uses controlled cooling to eliminate stubborn fat that resists diet and exercise. Focus on the areas that bother you most for visible, lasting results. This FDA-approved treatment requires no downtime and is a safe and effective alternative to surgery.

### truSculpt iD

truSculpt iD delivers heat to the subcutaneous fat layer while maintaining an even skin temperature – optimizing clinical efficacy and maintaining comfort. truSculpt iD provides clinically proven results by treating the subcutaneous fat layer with an innovative RF technology resulting in non-invasive body sculpting and skin tightening with no downtime.

## COSMETIC LASER TREATMENTS

### acne laser treatment

This advanced approach precisely aims at the cause of acne as it reduces inflammation, swelling, redness, and pigmentation. Achieve the glowing, confidence-building complexion you deserve with transformative results.

### laser facial rejuvenation

Specifically designed to target signs of aging, this powerful technology instantly stimulates collagen production as it diminishes wrinkles, tightens skin, removes sun-spots and age spots, and smooths the overall texture of your skin. See complete rejuvenation and more youthful, glowing skin.

### laser hair removal

Expertly wielded by our technicians, our laser hair removal offers a noninvasive way to reduce or remove unwanted body hair with long-lasting results.

BODY

## BODY TREATMENTS

These hydrotherapy treatments feature a specialized vichy water table that unites the healing benefits of aqua therapy in an orchestrated experience involving a heated waterbed platform, color therapy, an aromatherapy steam bath, and a water-enhanced vibro-massage.

### elements body immersion

Refresh your skin and emerge renewed with this grounding organic treatment, including an exfoliating salt mineral scrub, warm massage with hot stones, Black Rock mud wrap, herbal scalp massage, and an aromatherapy steam bath.

### renewal body polish
